The Nurtured Heart Approach

"Tired of yelling, feeling bad, being mean? This approach sure does a fantastic job making us understand behaviors we see in our children...Things have turned around in our family. This is the last system I need. The ADHD, ODD diagnosis wasn't a death sentence, rather a wake up call and one badly needed. I wish I had found this approach when my children were a year old. It is VERY WELL WORTH IT" - L. Bishop
